

ACESEAL

MRA

Mould releasing agent

Ref: AAIPL/TDS/059-16

Rev: 02/05-16

Aceseal MRA is a high performance mould releasing agent manufactured by blending of superior quality minerals, releasing agents and additives which is having release properties that are superior to those of conventional mould oil. The chemicals react with alkali in the concrete to form a thin water repellent skin on the surface of the mould, thereby enabling easy stripping from concrete and acting as a protection to steel and other form of mould or formwork. It is a clear free flow liquid that can be easily sprayed by spray gun or applied by cotton waste, brush or roller. It is suitable for use on metal, ply wood, timber, aluminium, plastic and all type of moulds.

ADVANTAGES:

- Easy to apply by brush or roller or spray
- Easy demoulding
- Provides high quality and sharp edge concrete
- Withstand 100°C temperature
- Can be used on all type of formwork
- Does not stain concrete and does not behave as bond-breaker while plastering on concrete
- Does not corrode steel or swell wooden mould

APPLICATION

It is suitable for use on metal, ply wood, timber, aluminum, plastic and all type of moulds.

PACK SIZE:

Available in 5 ltr and 20 ltr pack

SHELF LIFE:

12 months if stored in cool and dry area in unopened container. Shelf life is calculated from the month of manufacturing of the product.

CAUTION:

- Store in cool and dry place.
- High temperature or moisture will affect the product.
- Once bottle is opened, then finish it off without keeping for long time.
- Avoid eye contact or prolonged contact with skin.
- Wash thoroughly after handling. If eye contact occurs, flush with water for 15 minutes and consult a physician.
- Do not breathe directly; wear PPE whenever necessary
